

## 3 Pcs Water Pump Tool Kit

Art. Nr: PT5379

### Materials

Cr-Mo with S45C Steel

### Features

This set allows the crankshaft rotation on TDC-position and the crankshaft counterhold, during the loosening of the crankshaft center screw or of the water pump toothed wheel fastening screw. It is also suitable for removal or extraction of the water pump toothed wheel and water pump itself.

For VW T5, Touareg 2.5 L 5-cylinder TDI engines.
