## Features

- Cross-shaped jaws enhance pliers ability to grip objects and provide multi-directional operations, suitable for working in confined areas
- Larger-than-normal (16mm / 0.6 in) jaw heads make it easier to remove hose clamps, especially on Audi and VW hose clamps

## Specifications

Overall Length	205mm / 8.1in
Jaw Width	16mm / 0.6in
Material	Cr-V 6140
Hardness	HRC 42-45
Surface Treatment	Chrome Plating

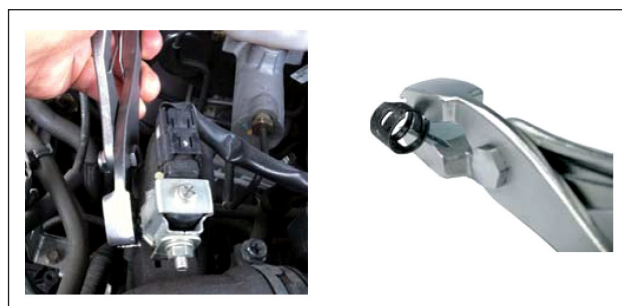

## Safety Precautions

- Always read the instructions carefully before using the tool
- Ensure the working area has adequate lighting
- Keep children and unauthorized persons away from the working area
- Keep working area clean and tidy, dry and free from unrelated materials
- DO NOT allow untrained persons to use this tool kit
- Always wear eye protection that meets OSHA and ANSI Z87.1 standards
- Always wear gloves when working with the tool
- Always wear ear protection
- Disposal: Customers should follow local regulations to handle used/wasted parts

## Instructions

1. The cross-shaped design enables the pliers to work from different directions (as the images below demonstrate).

2. The large jaw width and wide opening allow the pliers to work on big objects, such as the hose clamps on fuel lines and tank ventilation lines on Audi and Volkswagen, and regular radiator hose clamps.

Hose clamps on  
VAG fuel lines and  
tank ventilation lines

Radiator hose clamps
